

NHSN Training Workshop: Running Reports & Using Analytical Features in NHSN - Sponsored by NC Quality Center

Friday, October 28, 2011
9:00 a.m. - 4:00 p.m.

Wilmington Convention Center
515 Nutt St.
Wilmington, NC 28401

North Carolina Center
for
Hospital Quality and Patient Safety

OVERVIEW

Need assistance in figuring out reporting features in the CDC's National Healthcare Safety Network (NHSN)? Then you should consider attending this one-day workshop on how to run reports and analyze data using NHSN tools. Led by two of the CDC's Division of Healthcare Quality Promotion's (DHQP) top trainers, you will leave understanding better how to run your own reports, download data, and understand the analytical features NHSN offers. In addition, a North Carolina specific presentation on the current state of the NC System for Infection Measurement (NC SHIM) will be provided.

SPEAKERS

Maggie Dudeck, MPH, CPH, Health Scientist for the NHSN Training Team in the Division of Healthcare Quality Promotion at the CDC.
Teresa Horan, MPH, NHSN Education and Data Quality Assurance Team Leader
Joanne Campione, PhD, NC Quality Center

LEARNING OBJECTIVES

This one-day, intense training session is designed for NHSN users who are already familiar with NHSN definitions and application of NHSN criteria. It is designed to:

- Inform and instruct on how to run standard and ad hoc reports in the NHSN system,
- Apply the analytical features in NHSN, and,
- Identify the output of these features.

It is **strongly** suggested that each participant review the NHSN training materials entitled, "Introduction to NHSN Analysis: Learning the Terminology," and, "Analysis: Advanced Features and Terminology" at <http://www.cdc.gov/nhsn/training.html> prior to attending this conference. This will enable the speakers to spend more time discussing your questions and addressing your needs.

TARGET AUDIENCE

All NC Infection Preventionists, Quality personnel or others who run and/or use NHSN reports on healthcare-associated infections.

AGENDA (Morning Coffee Service & Lunch will be provided for all participants)

9:00 - 9:30 a.m.	Registration and Networking
9:30 - 9:40 a.m.	Welcome
9:40 - 10:30 a.m.	SHIM Overview
10:30 - 10:45 a.m.	Break
10:45 - 11:45 a.m.	NHSN Overview and Technical Information
11:45 - 12:30 p.m.	Lunch
12:30 - 2:30 p.m.	NHSN Data Analysis
2:30 - 2:45 p.m.	Break
2:45 - 3:45 p.m.	NHSN Data Analysis
3:45 - 4:00 p.m.	Closing Remarks and Adjournment

MEETING REGISTRATION (Space is Limited)

If a facility participates in the NC SHIM database, this conference is free for up to three (3) participants per facility. For additional participants beyond the three and for all non-SHIM participants, the fee is \$50.00 per person. (If you have a question as to whether your facility participates in NC SHIM, please contact Shelby Lassiter at slassiter@ncha.org.)

Please register early. We have reserved a venue for 75 participants, so space is limited. If registration is not at capacity by 9/30/11, the workshop will be opened up to IPs and quality personnel in Virginia and South Carolina to ensure capacity is reached. Our goal is to have a full house due to the demand on NHSN trainers at this point in time. It is important for them to reach as many IPs and quality personnel as possible, as quickly as possible with this type of training.

(over)

Contact Nanci Kingsbury (nkingsbury@ncha.org) or 919-677-4135 for more information or with additional questions.

*Registering for this program authorizes the NC Quality Center to take pictures to be used for Quality Center publications, website, and presentations.

MEETING REGISTRATION *(continued)*
